Hi Lisa,

I am writing to let you know that Karen and I have made the decision to step away from our participation with the MRCC. Please consider this email our written notice of that decision.

After participating for some time, we have found that the committee is not the best fit for where our time and involvement are most needed right now. With a number of other priorities requiring our attention at MPS, we need to be thoughtful about where we are committing our capacity and believe stepping away from formal participation in the MRCC is the right decision for us at this time. That said, we absolutely want to continue being a community partner. We recognize the importance of addressing transportation barriers throughout the Monadnock Region, and we are happy to continue sharing transportation information, resources, surveys, community feedback opportunities, and other relevant materials with our members and networks, as we have been doing.

We appreciate the opportunity to participate up to this date, and the work being done to improve transportation access and coordination throughout our region. While we are stepping away from formal committee involvement, we look forward to continuing to support this work as a community partner. Thank you for your understanding!

Thank you!

With kindness and gratitude,

Melissa Callender
